Further information

Please provide details of anything else that you wish us to know, or that you think may be useful to us when producing a preliminary design and budget estimates. Continue on a separate sheet if necessary.

Checklist (Please enclose the following items with your application and tick to indicate which items are enclosed)

Location plan ☐
This must show the site boundary, north point, grid reference at the centre of the site and two recognisable OS features

Blank site layout plan (black and white only) ☐
This must show at least two recognisable OS features or grid reference points, proposed building outlines, plot numbers, site roads and any changes in ground level. It must be at a scale of 1:500, 1:250, 1:200 or 1:100

Site investigation report ☐
Optional at this stage, but we will be able to produce a more accurate estimate if you provide one.
If not provided, we will design for a contaminated site.

Site layout plans (can be in colour) This is mandatory information we require to process your application.
If you've not done so already, please include the following:

The proposed landscaping on the site	☐
The proposed route of the supply pipes, including the point of entry into the buildings and the boundary/meter box positions	☐
The phasing of the installation	☐
Details of any SuDs, membranes, permeable paving etc	☐
Any proposed or existing drainage or other services either on the site or where new mains are likely to be installed	☐
Any proposed service strips	☐
Areas that are to be offered to the highway authority for adoption	☐

Any drawings submitted electronically should be in PDF, DWG/DXF (2010 version or earlier) or Tiff formats only.
