1. Introduction

Annual Charges Publications

On the 1 February 2023, Ofwat terminated the Licence of Bristol Water and varied the Licence of South West Water to cover the area served by Bristol Water, following the acquisition of Bristol Water plc by Pennon. The revised Licence of South West Water provides for separate price controls (and therefore charges) for the Bristol Water area.

Summary of changes:

--	--	--

2. General Information

- 2.1. Ofwat's PR24 Draft Determination and the subsequent redetermination by the Competition and Markets Authority set separate controls for wholesale and household retail activities. The indicative charges presented in this schedule represent tariffs for **wholesale** activities only. The wholesale revenue control includes revenues for all wholesale activities to both households and non-households.
- 2.2. The wholesale charges stated in this document are payable by retailers, end user prices will be set by the retailer. Bristol Water exited the business retail market with effect from April 2017.
- 2.3. Since 1 February 2023, the Bristol Water area is part of the appointed water company licence of South West Water Limited. Bristol Water has separate revenue controls from Ofwat, and this charges schedule considers the wholesale charges for the Bristol area of South West Water Limited. Bristol Water provides water to customers within the area of supply shown in Appendix One.
- 2.4. Bristol Water household customers are billed by Bristol Wessex Billing Services Ltd (BWBSL), a company jointly owned by Bristol Water and Wessex Water, which is also responsible for billing Wessex Water customers for water and sewerage services.
- 2.5. All non-household customers can choose their retail service provider. Details of retailers currently operating in the non-household market can be found at <https://www.open-water.org.uk/for-customers/find-a-retailer/>.
- 2.6. All wholesale charges will be subject to VAT where appropriate and are stated net of VAT in this document.
- 2.7. Payment terms are set out in Schedule 3 of your Wholesale agreement for Wholesale services. All charges are payable in accordance with our agreement with you, where applicable. Failure to pay on time will result in recovery action and you may need to pay additional costs because of this.
- 2.8. Bristol Water offers Retailers two forms of payment, in line with the standard market code terms;
 - Post Payment which requires credit terms such as a 3rd party guarantee, a letter of credit, a Surety Bond or Cash
 - Pre-payment

Retailers who opt to post-pay their NHH charges have to post collateral with us. The collateral represents 50 days supply. We also provide Alternative Credit support allowance for post payment retailers. We will also discuss alternative credit arrangements with retailers where they ask us to do so. We set out the principles for the range of alternative credit arrangements and four specific options on our website, alongside the terms of the agreements with individual retailers.

- 2.9. Reference to rateable value means the figure published in the rating valuation list as at 31 March 1990. Where no rateable value exists, the Valuation Office Assessment provided by the United Kingdom Valuation Office Agency will be used.
- 2.10. This document provides a comprehensive list of wholesale charges. Other charges, such as for developer services and standpipe hire are available in the other charges documents which are accessible through our website. <https://www.bristolwater.co.uk/business-developers/charges-regulations/>

3. Unmeasured Water – Household Customers

- 3.1. The charges listed in this section represent the wholesale element of the bill applicable to unmeasured household customers. Household customers are also subject to a retail charge. Details of the combined tariffs payable by customers are available in our Charges Scheme document, published on 1st February.
- 3.2. Standing Charge per annum: **£13.61**
- 3.3. Charge per £ of Rateable Value: **£1.8657**
- 3.4. Caravans - Caravans are charged the standing charge plus 75% of the standard RV charge. For 2026/27 the charge per pound of rateable value for caravans is: **£1.3993**.
- 3.5. Vacant Properties – Unfurnished unmeasured vacant properties are not charged.
- 3.6. If an unfurnished unmetered property is undergoing refurbishment or renovation, unmetered charges are legally payable. The customer may however switch to a metered charge, by having a water meter installed. Where there is evidence of low water usage during the works, we may agree to charge only 50% of the unmetered charges due, on a pro rate basis for the period of refurbishment or renovation. The customer or the person carrying out the works must notify the Company and request this reduction in the charges. If a property is being used for storage, it will be considered occupied with charges made against the owner of the premises.
- 3.7. If a property is unoccupied due to the customer being hospitalised or residing in care charges will not normally apply. The customer or their representative should contact their retailer at the earliest possible opportunity to inform them of this situation.
- 3.8. Following the death of the sole occupier of a property, charges will not normally apply (from the date of death). The deceased's executors should contact their retailer at the earliest possible opportunity to inform them of these circumstances.
- 3.9. Sprinkler Charges - An unmeasured customer using a sprinkler or other automatic garden-watering device will be charged an annual fee of **£58.44**. The Company reserves the right to selectively meter customers using sprinklers or other automatic garden-watering devices.

4. Measured Water - Household Customers

- 4.1. The charges listed in this section represent the wholesale element of the bill applicable to unmeasured household customers. Household customers are also subject to a retail charge. Details of the combined tariffs payable by customers are available in our Charges Scheme document, published on 1st February.
- 4.2. Standing Charge per annum: **£15.56**
- 4.3. Volumetric Charge per cubic metre of water: **£1.8816**
- 4.4. Assessed Charges – Where it is not possible to fit a meter and the customer does not wish to remain on Rateable Value charging, an assessed charge will be levied. This will consist of the Standing Charge as set out in para 4.2 above plus a charge per bedroom of:
 - First Bedroom: **£103.49**
 - Each Additional Bedroom: **£70.56**
- 4.5. Customers in sheltered accommodation may be eligible for a discounted level of assessed charge – see page 11 for details.
- 4.6. Where an assessed charge property is occupied by one person we will not charge for additional bedrooms. Customers must contact BWBSL to inform us of their eligibility for this discount. Proof of single-occupancy may be required.
- 4.7. Leakage allowances may be given, according to the terms set out in the latest version of our leakage allowance leaflet.
- 4.8. Vacant Properties – Measured vacant properties are not charged, however meter readings will still be taken and if any consumption is recorded normal charges will apply.
- 4.9. Premises that are undergoing refurbishment or being used for storage will be considered occupied, with charges made to the owners of the premises
- 4.10. If a property is unoccupied due to the customer being hospitalised or residing in care, charges will not normally apply. The customer or their representative should contact their retailer at the earliest possible opportunity to inform them of this situation.
- 4.11. Following the death of the sole occupier of a property, charges will not normally apply (from the date of death). The deceased's executors should contact their retailer at the earliest possible opportunity to inform them of these circumstances.

5. Measured Water - Non-Household Customers

- 5.1. These charges are for the wholesale services provided by Bristol Water. Charges for retail services provided by retailers will be added to the tariffs payable by customers. Details of these tariffs are available from your Retailer.
- 5.2. Non-Domestic charges are grouped into bands based on annual consumption. These tariffs are detailed in the table below.

Band	Forecast annual use in cubic metres	Fixed annual charges £	Volume charges (£ per cubic metre)
A	To 500,000	30,831.12	1.3682
B	to 250,000	12,267.24	1.4545
C	to 100,000	5,266.48	1.5372
D	to 50,000	2,385.12	1.6184
E	to 15,000	49.32	1.8264
F	to 5,000	14.33	1.8527
G2	to 1,000	6.61	1.8769
G2	to 500	6.61	1.8769

- 5.3. Assessed Charges - Where water is not used by the customer in a production process a banded charge will be levied. Bands will consist of up to 5 employees. The first band is charged at **£80.94**, with an incremental charge of **£58.19** for each subsequent band. In addition, a standing charge of **£6.61** will be made.
- 5.4. Where water is used by the customer as part of a production process, we will undertake a site survey during which evidence of process consumption must be provided by the applicant. We will then make an individual assessment.
- 5.5. Leakage allowances may be given, according to the terms set out in the latest version of our leakage allowance policy.
- 5.6. Vacant properties – Normal charges apply to vacant measured agricultural properties. We do not charge for other vacant measured non-household properties. A vacant property is one where the previous occupant has notified us or via their retailer to this fact, and the property remains unoccupied by the previous occupant and no new occupier is in place.
- 5.7. Where meter readings record consumption, then normal charges will apply where an occupier of the premises is identified. These meter readings will have been recorded by the relevant retailer through the MOSL central settlement system, and in the case where there is no occupant the retailer should reflect this through the normal market processes.

6. Unmeasured Water – Non-Household Customers

- 6.1. These charges are for the wholesale services provided by Bristol Water. Charges for retail services provided by retailers will be added to the tariffs payable by customers. Details of these tariffs are available from your retailer.
- 6.2. Standing Charge per annum: **£13.61**
- 6.3. Charge per £ of Rateable Value: **£1.8657**
- 6.4. Trough Charges - Field troughs unless metered, fixed standpipes and similar devices will be charged at: **£540.32** per annum.
- 6.5. Vacant Properties – Unfurnished unmeasured vacant properties are not charged.
- 6.6. If an unfurnished unmetered property is undergoing refurbishment or renovation, unmetered charges are legally payable. The customer may however switch to a metered charge, by having a water meter installed. Where there is evidence of low water usage during the works, we may agree to charge only 50% of the unmetered charges due, on a pro rate basis for the period of refurbishment or renovation. The customer or the person carrying out the works must notify the retailer and request this reduction in the charges. If a property is being used for storage, it will be considered occupied with charges made against the owner of the premises.

7. Special Agreement Tariffs

- 7.1. Bristol Water is currently engaged in special agreements with a small number of customers, where discounted water supplies are provided, normally in exchange for historic access arrangements.
- 7.2. Each agreement is subject to separate terms and conditions relating to the end user tariff, but for the purpose of wholesale charges we have simplified these into six special agreement tariffs.
- 7.3. Each tariff may comprise some or all of:
- a fixed charge per customer per year,
 - a volumetric charge per cubic meter,
 - an allowance of water for which no charge is made; or
 - an allowance of water to be charged at a discounted rate
- 7.4. Our wholesale special agreement charges for 2026/27 are:

Special Agreement Tariff Short Code	Fixed Annual Charge 2026-27(£)	Volume Charge 2026-27 (£/m ³)	First Block Charge (£/m ³)	First Block Volume (m ³)
SA1	0.00	1.7595	0.0297	273
SA2	0.00	1.0865	n/a	n/a
SA3	0.00	0.0000	n/a	n/a
SA4	3396.86	0.0000	n/a	n/a
SA5	14.95	1.8527	n/a	n/a
SA6	6.89	1.0323	n/a	n/a

We also have a small number of customers who receive free supplies of potable or non-potable water. These are designated as Band Z.

8. Non-Potable Supplies

- 8.1. Where a customer's circumstances do not require water to be treated to normal standards, we may be able to offer a non-potable supply, if this is technically possible.
- 8.2. Any application for a non-potable supply should be made to Bristol Water to assess the technical feasibility.
- 8.3. Non-potable supplies are charged at the following rates. Customers anticipating using more than 50,000m³ should contact the Company for a specific tariff based on the site.

Band	Forecast annual use in cubic metres	Fixed annual charges £	Volume charges (£ per cubic metre)
A	to 500,000	30831.123	1.2587
B	to 250,000	12267.2352	1.3382
C	to 100,000	5266.4792	1.4142
D	to 50,000	2,385.12	1.4777
E	to 15,000	49.32	1.6803
F	to 5,000	14.33	1.7045
G2	to 1,000	6.61	1.7267
G	to 500	6.61	1.7267

9. Methods of Charging

9.1. Household Unmeasured Charges

- Customers on unmeasured charges are charged a standing charge, and a variable charge calculated by the Rateable Value (RV) of their property. Unmeasured customers may choose to switch to Measured Charges.
- Notional Rateable Value - Where unmeasured properties have been structurally altered then we will use a 'notional rateable value' that is based on comparable households or similar properties of the same type. These may be used on a temporary basis or as a permanent charge depending on circumstances. This may also apply where the property has been substantially altered so that the loading units have increased by 25%. (A standard property has a loading unit of 24 through such items as taps and other water fittings). These charges are detailed in the table below:

Property Type	No. of Bedrooms	Notional RV £	Property Type	No. of Bedrooms	Notional RV £
Bedsit	1	80	Semi detached	1	230
Flat/ Maisonette	1	110		2	260
	2	140		3	290
	3	170		4*	320
	4*	200	Detached	1	290
Terrace	1	170		2	320
	2	200		3	350
	3	230		4*	380
	4*	260			
Temporary caravan charge		95			

*note: Add £30 Notional RV for each additional bedroom.

- Where none of these applies, a fixed annual fee of £302.69.

9.2. Household Measured Charges

- Customers on measured charges are charged a standing charge, and a variable charge based on their water consumption, which is measured by a water meter fitted by Bristol Water.
- Retailers are responsible for reading customer meters.
- If a customer believes that the consumption recorded on their bill is incorrect, they may contact their retailer who will investigate. A guide to the normal consumption of a household can be found on the Bristol Water website www.bristolwater.co.uk and in the "Now you've turned on to water metering" leaflet provided to new measured customers.
- The retailer may request that the meter is tested to check its accuracy. The indicative cost of this to the retailer is £70 plus VAT. If the meter is found to have been recording inaccurately the cost of the meter testing will not be payable.

9.3. Household Assessed Charges

- Where a household customer has requested to be charged on a measured basis, but it is not possible to install a water meter at their property, the customer may be offered an assessed charge, based on the number of bedrooms in their property.
- Where customers live in sheltered accommodation with communal laundry facilities, we may discount the bedroom-related portion of the assessed charge by 15%. Please contact Pelican for more details of this discount.

10. Switching to Measured Charges

- 10.1. Household customers who are charged on an unmeasured basis have the option to switch to a measured charge, by having a water meter installed. The cost of the meter installation is normally free to domestic customers.
- 10.2. Bristol Water operates a change of occupier metering policy, whereby the Company may install a meter at a customer's property. When there is a change of occupier at that property, measured charges may commence.
- 10.3. Household customers who wish to switch to a measured charge should contact BWBSL.
- 10.4. Non-Household customers who wish to switch to a measured charge should contact their retailer. Non-Household customers should also contact their retailer if they wish to consider an assessed charge as an alternative to the unmeasured RV basis of charging. The assessed charge options where we do not fit a meter are set out in section 5.

11. Contact Details

Bristol Water Wholesale Services (For Retailer enquiries and service requests):

Address: Bridgwater Road, Bristol, BS13 7AT
Tel: 0345 604 1495 (Retailer line only)
Website: www.bristolwater.co.uk/your-business/wholesale-information/
Email: wholesale.desk@bristolwater.co.uk

BWBSL (For billing enquiries for household customers):

Address: 1, Clevedon Walk, Nailsea, Bristol BS48 1WA
Tel: 0345 600 3600 (Monday – Friday, 8am to 6pm)
Website: www.bristolwater.co.uk/your-home/billing-and-payments/
Email: customer.services@bwbsl.co.uk

Bristol Water (For operational enquires):

Address: Bridgwater Road, Bristol, BS13 7AT
Tel: 0345 702 3797 (Emergency Service only between 6pm and 8am)
Website: www.bristolwater.co.uk
Email: customer.services@bristolwater.co.uk

Consumer Council for Water:

This independent committee aims to protect customers' interests and investigate customer complaints free of charge.

Address:
Consumer Council for Water, C/O 1st Floor, Victoria Square House, Victoria Square, Birmingham, B2 4AJ
Tel: 0300 034 2222 (8.30-17.00 Mon-Fri)
Email: enquires@ccwater.org.uk
Website: www.cewater.org.uk
Email: enquires@ccwater.org.uk

Water Services Regulation Authority (Ofwat)

Address: Centre City Tower, 7 Hill Street, Birmingham, B5 4UA
Tel: 0121 644 7500
Email: mailbox@ofwat.gov.uk
Website: www.ofwat.gov.uk
